## Control Corrective® Has Brides Saying “I Do” to Glowing, Acne-Free Skin *Exfo Tonic and Sensitive Skin Enzyme Mask Make a Perfect Pre-Wedding Pair*

IRVINE, CA (February 26, 2013) – A bride should be remembered for her beauty on her wedding day – not her skin blemishes. **Begin a lifelong commitment to bright, glowing skin, free of acne, with [Control Corrective’s Exfo Tonic](#) and [Sensitive Skin Enzyme Mask](#), two pre-wedding skin products that promise a perfect “I do” complexion.**

“A bride’s face, décolletage and back take center stage on her special day, so her skin can’t be anything less than radiant,” said Ellen Clark, president of Control Corrective. “The Exfo Tonic keeps ‘bacne’ or even day-before facial breakouts at bay, while the Sensitive Skin Enzyme Mask ensures skin stays hydrated, polished and camera-ready.”

From the bridal shower to the big day, both the bride and bridesmaids can rely on **Control Corrective Exfo Tonic** to control excess oil and clear clogged pores. The exfoliating antiseptic can be used daily as a full-face toner or as an effective spot treatment on the chest, back or anywhere breakouts occur, even lightening post-blemish hyperpigmentation. Available in a six-ounce bottle. MSRP: \$24 (not recommended for sensitive skin)

Dubbed a “vacation in a jar,” **Control Corrective Sensitive Skin Enzyme Mask** will see the Mrs.’ soft, supple skin through the honeymoon, with a hydrating, soothing formula that renews skin texture. The creamy, enzyme-based clay mask calms irritated skin on contact – and possibly those pre-wedding jitters – while lightly dissolving dead skin cell buildup, uncovering a bright, polished complexion. Ideal for multiple applications in the week leading up to the wedding, and honeymoon bonus: it’s also great for soothing dry, flaky, sunburned skin. Available in a two-ounce jar. MSRP: \$44
