

FOR IMMEDIATE RELEASE

## Say Farewell to Damaged Summer Skin with Control Corrective Skincare Systems Intensive Body Smoothing Lotion

*Fast-acting formula sloughs off buildup to minimize sun spots and moisturize dry, cracked skin*

IRVINE, CA (April 24, 2013) – It's never easy to say goodbye to summer, especially when it leaves a souvenir of dry, peeling, sun-spotted skin. **Bid farewell to "lizard arms," a crepe-y chest and rough elbows, knees and feet with [Control Corrective Skincare Systems® Intensive Body Smoothing Lotion](#).**

A body peel in a bottle, this **potent exfoliating lotion** effectively **resurfaces sun damaged skin**, revealing smooth, moisturized, evenly-pigmented skin in just days.

"While the Intensive Body Smoothing Lotion **can minimize everything from light scars to stretch marks**, it's particularly useful in breaking down dead skin buildup and thick, keratinized skin often caused by too much sun exposure," said Ellen Clark, founder and president of Control Corrective. "It's an easy way to **minimize summer sun damage and meet fall with fresh, youthful skin.**"

**Ideal for less-sensitive areas** such as the **elbows, knees, arms, and chest** (depending on sensitivity level), the Intensive Body Smoothing Lotion can be applied sparingly every other day for the first two weeks, producing immediate results. A once or twice a week, as-needed application on rough areas thereafter will maintain skin's smooth appearance and texture.

Control Corrective Skincare Systems Intensive Body Smoothing Lotion is available in a six-ounce bottle for \$60.

Control Corrective Skincare Systems products are available through skincare professionals and finer salons and spas nationwide or at [www.controlcorrective.com](http://www.controlcorrective.com).
