Flojos® Offers Olympics-Inspired Fashion with Metallic Summer Sandals *Choose Winning Style with Flojos' Gold, Silver & Bronze Accented Sandals*

Flojos, top manufacturer of high-quality sandals for the casual, active lifestyle since 1979, takes a cue from the Olympic podium with summer's winning women's sandal line, featuring metallic hues in bronze, silver, and gold. Women will stand out at the summer games as well as at the pool, beach or mall with wedges and flats enhanced by shiny, iridescent accents.

Go for Gold

Flojos' gold-hued sandals like this **Samantha** sandal (above right, MSRP: \$33) featuring a gleaming, gold heart-shaped vamp and slight wedge, nab first prize in fashion for summer wardrobes. Also winning hearts is the gold **Scarlett** three-inch wedge (at left, MSRP: \$36)

featuring a glittery gold strap.

Slip into Silver

Second place looks so much better in Flojos' stylish silver sandals, like the fashionable **Foxy's** smooth, metallic sock and straps (at right, MSRP: \$20). Another option from the winners' circle is the **Claire** sandal, featuring glistening straps and a simple white sock (at left, MSRP: \$27).

Bring on the Bronze

Match bronzed legs with Flojos' bronze-themed sandals like this sliver-wedge **Ginger** thong (at right, MSRP: \$36) to feel like a fashion winner this summer. Also knocking

out the competition are the slightly more subdued bronze **Kim** sandals, featuring a simple flat comfort sock and faintly sparkling straps (at left, MSRP: \$18).
