

Keep Green Thumbs (*and Rest of Hands*) Happy in the Garden with Soothing, Organic All Good Goop™ from Elemental Herbs®

The garden can cultivate many things beautiful, but can also leave hands dull and ugly, due to callouses, cuts, blisters, sun exposure and more.

Take special care of hard-working hands with [Elemental Herbs All Good Goop](#) – an all-natural, moisturizing, petroleum-free skin salve *featuring ingredients straight from the garden.*

A powerful blend of organic herbs, including lavender, comfrey and calendula, extra virgin olive oil, beeswax, Vitamin E and essential oils, All Good Goop helps **soothe and heal the toughest scrapes and raw skin, but is also sensitive enough to be used on a baby's bottom.**

In and out of the garden, the curative balm is great for cracked hands, abrasions, sunburn, insect bites and stings, chapped lips, minor burns, scars and so much more.

All Good Goop is available in one-ounce and two-ounce containers for \$8.50 and \$13.50, respectively. It can be purchased at www.elementalherbs.com and at natural foods markets, sporting goods stores and other fine retailers nationwide.
