FOR IMMEDIATE RELEASE

Coral LLC's Coral Complex³ Receives Prestigious Non-GMO Project Verification

Coral LLC Receives Recognition for Original, Above-Sea Coral Mineral Supplement

CARSON CITY, NV (January 16, 2013) – The [Non-GMO Project](#), North America's only third party verification and labeling program for non-GMO products, recently verified [Coral Complex³](#) as a product produced according to the best practices for GMO avoidance.

Products qualifying as Non-GMO Project Verified are thoroughly tested for all at-risk ingredients and reviewed to determine the absence of GMO risks. Qualifying companies must also follow other rigorous practices as determined by the Non-GMO Project. For more information about the verification process, click [here](#).

“We are thrilled to have Coral Complex³ Non-GMO Project verified because we strongly believe in providing our customers with only the **safest and highest-quality** of coral supplements from a **company they can trust,**” said Coral LLC President Clint DeWitt. “We are committed to working closely with the Non-GMO Project as we continue to work towards verifying our entire line of Coral products.”

Coral Complex³, Coral LLC's original coral supplement, is the country's most popular coral capsule formula since 1999, known for its **highly-effective,** full spectrum ionic nature and key additive, Vitamin D3 – the “sunshine vitamin,” instrumental in the body's uptake of calcium.

The additive-free formula also offers 2,400mg of coral calcium-containing 73 trace minerals and 900 mg of elemental calcium; 1,200 IUs of Vitamin D3, 168mg of magnesium and 15mg of Vitamin C in each three-veggie capsule dose. Coral Complex³ is available in 45 ct, 90 ct, 180 ct and 300 ct sizes available for purchase. MSRP: \$ 11.95-\$59.95

Coral LLC, the leading brand of coral minerals, is the original coral calcium company in the U.S., using only eco-friendly “above sea coral.” The company is located at 38 Diamondback Way, Carson City, NV.
